RE: Revised Draft Fiscal Year 1986
Intelligence Authorization Bill

Pursuant to our telephone conversation, I am forwarding the attached informal comments on the revised draft of the Fiscal Year 1986 Intelligence Authorization bill.

You will note that our folks believe that Title VII needs substantial additional consideration by the concerned agencies, and redrafting, before it should be considered for submission to the Congress. We will, of course, be glad to assist in that effort in any way possible.
